

The Langley Foundation

in association with Lanchester Wines

are delighted to introduce

The Langley Foundation Wine club

The Langley Foundation and Lanchester Wines are delighted to introduce our newly established Langley Foundation Wine Club.

The Langley Foundation will be working closely with Lanchester Wines to provide the Durham School Community the opportunity to purchase quality wines at fantastic prices.

Started in 1980, Lanchester Wines is a family business owned & operated by the Cleary family. Lanchester Wine Cellars Ltd, one of the largest wine & spirit wholesale suppliers in the North. They supply a comprehensive list of both New & Old World wines, well known brands, as well as their own high quality products.

We are very pleased to announce that Lanchester Wines are the chosen supplier for Durham School allowing you more opportunity to sample the beautiful wines we have on offer at the various School and Foundation events throughout the year.

The added benefit of the The Langley Foundation Wine Club is that unlike other wine clubs, it is not run as a membership scheme – supporters simply decide which case of wine they would like on an “offer by offer” basis. Should you choose to purchase a case you will also be supporting The Langley Foundation with £14.14 from every case purchased being donated to the fund.

The Wine Club will launch early 2012, however, we are offering a preview of the wines in our special Christmas Offering. Be one of the first to sample the fantastic wines we will be offering next year through our Wine Club, or use the opportunity to purchase a perfect gift for a loved one. We have carefully selected truly superior wines and our cases hold the perfect blend of tastes for every palate.

For further information and directions on how to order please complete the details form overleaf.
